**Being The Land Acquisition Act I of 1894 amended by Acts IV and X of 1914, and by Ben. Act III of 1915, The Land Acquisition (Mines) Act XVIII of 1885, and Cognate Measures, with a Concise Commentary.**

BY

**WALTER RUSSELL DONOGH, M.A.,**

*Of the Inner Temple, Barrister-at-Law, and an Advocate of the High Court at Calcutta.*

**SECOND EDITION.**

"This learned treatise, which has been dedicated by permission to the Lord Chancellor, is of interest not only to the practitioner in India, but to all concerned in the subject of the compulsory acquisition of land for public purposes. The commentary which follows every section and every line of the Indian Statutes, includes a full summary of the leading English decisions, while leading at greater length with the Indian judgments, and the points of resemblance and difference are well brought out. But the part of the work that interests us most is the historical introduction, in which the gradual development of the law from Regulation I of 1824 of the Bengal Code is admirably worked out."—*Law Journal*.

"Mr. Donogh's book has come at an opportune moment, and, in our opinion, is well calculated to achieve its purpose. It presents both the history and the law of land acquisition in India in a clear and intelligible form, and its merits are enhanced by an admirable method of arrangement and the concise and helpful commentary on the two principal Acts. Particularly to be noticed is the useful and instructive collection of leading English authorities under sections 23 and 24 of Act I of 1894 which comprise in a condensed form all the principles of the law of compensation as applicable to British India. The appendices are a careful and valuable addition to the main scheme of the work. In our opinion, the book is to be welcomed as constituting a praiseworthy and successful effort to elucidate, in all its aspects, an important, and hitherto insufficiently understood, part of the Indian law."—*Law Quarterly Review*.

## PUBLISHERS' NOTE.

THE present is the Fifty-fifth issue of THACKER'S INDIAN DIRECTORY and the second to be published since the outbreak of the great European War. The effect of the present hostilities has been severely felt by the Publishers in obtaining material for printing. This has caused some little delay in the issue, a circumstance greatly to be regretted, but unavoidable under the present conditions.

Another effect of the War has been the necessary withholding of much information by the authorities which would have been of value to the Enemy. The Directory however will be found to be shorn of little of its usefulness.

Every reasonable care has been taken in the compilation, but the Publishers can accept no responsibility for errors or omissions. While on the subject of omissions the Publishers cannot resist the opportunity of voicing one of their many difficulties. It not infrequently happens that a correspondent writes that the Publishers have omitted his name, his factory, workshop or plantation. Such complaints almost invariably emanate from out-of-the-way districts. It is obvious that unless such information is furnished by the parties themselves, the Publishers are scarcely to blame. The area covered by this Directory is so great that a complete personal canvass for information is not possible and co-operation by the public is very desirable.

Attention may be drawn to the Ten excellent Coloured Maps that have formed a feature of the Directory, particularly a Map of the Railways and Plans of the more important Cities.

In striving for their ideal of a thoroughly useful Directory the Publishers have had again and again to thank officials for their help. This has always been most marked, and again it is a pleasing duty for the Publishers to thank a body of extremely busy men for the valuable aid afforded in compiling this useful publication, the utility of which would be greatly curtailed if this kindly help were not forthcoming.

In spite of the War and the large number of Enemy firms that have ceased to trade, the sale of the Directory continues undiminished, and the Publishers express their gratitude for the steady public patronage which has rewarded their efforts.

Advertisers also appreciate the value of the Directory and it is a marked feature of recent years how many firms insert their announcements unsolicited.

All business arrangements in Great Britain and the Continent of Europe are in the hands of Messrs. W. Thacker & Co., 2, Creed Lane, Ludgate Hill, London, E. C., who will always attend to enquiries and hold an ample stock of the Directory for sale.

**NOTE:—** Instead of continuous paging, the book is divided into sections, each of which is **PAGED SEPARATELY**. These sections are called respectively *General, Calcutta, Madras, Bombay, Mofussil, Chief Industries, Alphabetical*, and are distinguished from each other by the different colors at the edges.

# ANGLO-INDIAN LITERATURE

"And so there grew up in British India a literature, English in form and language, which is unique among the literatures of the world. In bulk, relatively to the size of the community which produced it, it may challenge comparison with any."—*Anglo-Indian Literature.* By Edward Farley Oaten.

**Kashmir and Jammu.** By Lieut.-Col. DUKE, I.M.S., with maps and plans. Rs. 7-8.

*Kashmir has seldom been better described, never so well for the practical guidance of the traveller. Colonel Duke's descriptions are mellow and delightful. The Route Map is a treasure.*—The Times of India.

**Early Records of British India.** By J. TALBOYS-WHEELER. Rs. 3. [1879.

*A History of the English Settlements in India as told in the Government Records, the works of old travellers and other contemporary documents, from the earliest period down to the rise of British Power in India.*

**Seonee; or Camp Life on the Satpura Range.** By R. A. STERNDAL. Illustrated. Rs. 2-4.

*A tale of Indian adventure by the well-known sportsman, naturalist, and artist. Other works by the same author are "A Natural History of the Mammalia of India, Burma, and Ceylon" and a series of sketches of wild animals entitled "Denizens of the Jungles."*

**Round the Kacheri.** Satirical and Humorous Essays. By "NAINU" With Illustrations by P. GHOSH. Rs. 2.

*No book since the appearance of "Twenty-One Days in India" so humorously and yet so truthfully portrays the strength and the foibles of the mofussil official. The wit and genius of Aberigh-Mackay who drew his characters more than a generation ago has now descended upon the present generation in the person of "Nainu."*

**Hindu Manners, Customs, and Ceremonies.** By the ABBE DUBOIS. Rs. 6 India Paper Edition. Rs. 7-8.

*This famous Indian Classic written nearly a century since still remains with notes and corrections by Henry K. Beauchamp the most wonderful record of the complexities of the social and religious life of the Hindus.*

**Twenty-One Days in India.** By GEORGE ABERIGH MACKAY. Illustrated. Cloth, Rs. 5-4. Velvet Calf yapp. Rs. 7-8.

*"The book is a collection of ludicrously funny satires upon Departmental people from the Viceroy downwards....." "if we except Kipling and Pritchard, no Anglo-Indian prose satirist ever delivered a blow in more telling fashion, or compressed so much real fun within so few pages."—Anglo-Indian Literature* By Edward Farley Oaten.

**Curry and Rice.** On Forty Plates. By Capt. G. F. ATKINSON. Fifth Edition. With 40 full-page coloured plates. Rs. 21.

*This is the Fifth Edition of this admirable Indian 'Classic' which first appeared in 1858, and rapidly ran into three Editions.*

*.....Its facetiousness has a pathetic tinge and its caricature has become material for collector..... almost like hand sketches.—The Athenæum.*

# WOODROFFE'S LAW RELATING TO INJUNCTIONS IN BRITISH INDIA.

(Tagore Law Lectures 1897.)

By

SIR JOHN GEORGE WOODROFFE, M.A., B.C.L.,

*Barrister at Law, one of His Majesty's Judges of the High Court of Judicature  
at Fort William in Bengal.*

"The present work deals systematically with the whole subject of Injunctions."—*Madras Mail*

"Contains all that the Lawyer need know upon the subject..... It is clear, practical, and accurate His division of the subject is logical and exhaustive He has managed to be concise without being obscure to define without becoming diffuse."—*Statesman*

"The work of a trained lawyer and a practical lawyer. The style is crisp, the arrangement methodical, the treatment at once lucid, concise, and complete — *Kayastha Samachar*

"The practitioner will find it useful as most of the Indian cases are noticed and commented on"—*Calcutta Weekly Notes.*

"... The book, unlike the commentaries on codified law, gives a clear exposition of the general principles relating to the subject drawing freely upon the English case-law and also upon the equity decisions of the American Courts."—*Madras Weekly Notes*

"... This branch of law is here dealt with a thoroughness which the profession has earned to associate with the productions of the distinguished author.....The whole law relating to injunctions is discussed here with luminous lucidity."—*Bombay Law Reporter*

## SHORTHAND FOR INDIAN COURTS.

By H. R. T. S. PERROTT, B.A. (Cantab.), I.C.S.

### EXTRACT FROM PREFACE.

THE author is venturing to publish this little book in the hope that it may prove of use to those, either on the Bench or in the Bar, who have to make notes of law cases. The author does not aspire to supplant any of the recognised systems of shorthand. He simply steps in to try and supplement them. The ordinary lawyer of any standing is a busy man, and has not the time, and possibly not the inclination, to master the intricacies of one of the standard systems. It is not necessary that he should do so. Legal language more than ordinary language in conversation or books, runs in grooves, and there are many stereotyped modes of expression. A legal argument, like a law book, is technical in the scientific sense. There are certain words—some of them long words—which are heard repeated every day in every Court in the land. The time and effort entailed in acquiring a comprehensive phonographic system would be, to the legal practitioner, largely wasted time and effort. He does not want a comprehensive system. No doubt it would be useful to him, but, so also, in a sense, would be a knowledge of Latin and Greek, or of the modern European languages. What the hard-worked man always has to look to is the marginal utility of mental effort in any direction other than that in which he directly earns his bread.

FOREIGN MONEY-ORDERS.

RUPEE MONEY-ORDERS.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money-orders expressed in rupees may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in rupee currency.

Money-orders expressed in rupees may also be drawn on the Native States of Chamba, (Shor, Jhind, Nabha and Patiala.

The amount of a money order issued under this clause must not exceed Rs. 600 nor include a fraction of an anna.

NOTE.—All money order offices are authorised to issue and pay money orders payable in, or received from, countries and States referred to in this clause.

The ordinary inland money-order form must be used in the case of money-orders for Ceylon, Portuguese India and the Native States and payees' acknowledgments are exchanged with only those countries and States. In the case of money-orders for other countries, a special form, which may be obtained *gratis* from the Post Office, must be used.

The names of remitters and payees of money-orders for the British East Africa Protectorate, the Seychelles, the Straits Settlements and Zanzibar must, in the case of Europeans, include the surname and at least the initial of one Christian name, and, in the case of natives India, the name, tribe or caste, and father's name.

NOTE 1.—In the case of money orders drawn in the German Protectorate of Kiangtchou, Macao, Japan, Corea, Formosa, or on any of the Japanese postal agencies in China, the names of the payees, when the latter are natives of Japan, should be given in full, without abbreviations of any kind. When both the remitter and payee of such a money order are natives of Japan in China the remitter should present along with the money order a separate slip of paper containing the full name and address of the payee written in Japanese or Chinese characters, as the case may be.

NOTE 2.—The direction to any of the countries or places with the exception of the Native States of money orders originally received from any of these countries or places for payment in India is subject to a fresh charge on account of commission at 1/10th the rates of commission applicable to inland money orders or money orders expressed in sterling, according as the country or place to which the order is re-directed is one on which money orders are drawn in rupee currency or in sterling currency. Should the amount of this fresh charge, however, calculated at the rates mentioned, include a fraction of an anna, the amount will be raised to the next complete anna.

The remitter of a foreign rupee money order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of one anna in addition to the commission chargeable on the money order. Advices of payment are obtainable from all countries with which money-orders are exchanged except where the contrary is stated in respect of any such country in Foreign Post Directory.

When the remitter of a foreign rupee money order has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

NOTE.—The fee for an advice of payment, if asked for at the time of issue of the money order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the foreign rupee money order form.

Coupons attached to money-orders payable in Ceylon or Portuguese India should not be filled up by the remitters, as the coupons will not be delivered to the payees.

STERLING MONEY-ORDERS.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money orders expressed in sterling may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in sterling currency. The amount of a money order issued may not include a fraction of a penny. Also, the maximum amount for which any one remitter may obtain foreign sterling money orders in one day is limited to £100.

The rates of commission on money orders are as follows:—

On any sum not exceeding £1	...	3 annas.
" " exceeding £1 but not exceeding £2	..	5 "
" " " £2 " " £3	..	8 "
" " " £3 " " £4	...	10 "
" " " £4 " " £5	...	12 "
" " " £5 " " "	...	12 " for each

complete sum of £5 and 12 annas for the remainder, provided that if the remainder does not exceed £1, the charge for it shall be 3 annas; if it does not exceed £2, the charge for it shall be 5 annas; if it does not exceed £3, the charge for it shall be 8 annas and if it does not exceed £4 the charge for it shall be 10 annas.

The remitter must apply for a foreign money-order form (which will be supplied to him *gratis* by the Post Office), and fill in the necessary entries, adding his signature at foot. The amount of the money-order (whatever be the country of destination) must be stated by the remitter in British (sterling) money, and the equivalent of this amount in Indian currency will be entered in the form by the Post Office. If the country of destination has a different currency the sterling amount will be converted by it into the local currency for the purpose of payment.

**NOTE**—A money order payable in the United Kingdom may be crossed for payment only through a bank. When a remitter desires to make use of this privilege he should write across the money order form the name of particular bank or merely the words " & Co." between parallel lines.

The name of the payee should include the surname and at least the initial letter of one (Christian name). If the payee be a firm or company, the usual designation of the firm or company will suffice. The address of the payee should be full and precise as on it depends the determination of the particular money order office in the Foreign country at which the money order will be made payable. The surname, and at least one initial of the Christian name, of the remitter should be given, if the remitter be a native of India, his tribe or caste and his father's name should be stated in addition to his own name. The name and address of the payee should be given with such completeness as shall secure identification and prevent risk of wrong delivery.

It will be necessary for the remitter of a foreign money order to write to the payee informing him of his (the remitter's) name as entered in the order. The payee will receive the money-order direct from the head money order office of the country of payment.

The remitter will be furnished by the post office with a receipt for the amount paid to him on account of the money order and commission.

The remitter of a foreign sterling money order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of two annas in addition to the commission chargeable on the money order. Advices of payment are obtainable from countries with which money orders are exchanged except where the contrary is stated in respect of any such country in the Foreign Post Directory.

When the remitter of a foreign money order expressed in sterling has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

**NOTE**—The fee for an advice of payment, if asked for at the time of the money order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the sterling money order form.

#### TELEGRAPHIC MONEY-ORDERS, INLAND

Every Post Office, which is a Money-Order Office, may issue and pay telegraphic money orders, except in special cases.

A fee for the issue of a telegraphic money order will be charged at the rate of commission on an ordinary inland money order for the same amount, added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an "Express" or as an "Ordinary" message.

The amount for such money order must not exceed Rs. 600, and must not include any sum less than a rupee.

If the remitter desires to have a private communication to the payee added to the telegram advising the remittance, he should write it on the coupon of the money-order form and pay for the additional words in excess of twelve, at the rate of two annas or half an anna per word, according as the telegram is to be sent "Express" or "Ordinary." Abbreviated address, or Code words to represent the name of the remitter, or the name and address of the payee, must not be used.

Telegraphic money orders may be issued from any post office in India (including Burma) for the head post office at Aden and from the head post office at Aden for any post office in India (including Burma). The limits of value and the other condition laid down in the foregoing clauses relating to inland telegraphic money-orders apply to such telegraphic money orders provided that the fees for such telegraphic money-orders will be made up of (1) the money-order commission at the rates applicable to inland ordinary money orders, and (2) a telegraph charge at the rate of one rupee a word for every word included in the telegram advising the remittance; provided also that telegraphic money orders for repayment to the remitters will be returned by post to the offices of issue.

#### INDO CEYLON TELEGRAPHIC MONEY-ORDERS

Telegraphic money orders expressed in rupees may be exchanged with Ceylon. Every post office that is authorised to issue and pay inland telegraphic money-orders may issue and pay Indo Ceylon telegraphic money orders.

The amount of a single Indo Ceylon telegraphic money order may not exceed Rs. 600 or include any fraction of a rupee.

The fee for a telegraphic money order issued in India for payment in Ceylon will be charged at the rate of commission applicable to an ordinary money order drawn on Ceylon for the same amount, plus a telegraph charge calculated on the actual number of words used in the telegram advising the remittance, at the rate of one rupee for the first twelve words and two annas for each additional word.

### FOREIGN ORDERS TELEGRAPHED TO OFFICES OF EXCHANGE

The telegraphic money-order system does not apply to any Foreign money-order exchange, except those with Ceylon and the Seychelles, but the remitter of a foreign money-order drawn on any other country can have the particulars telegraphed to the Indian office of exchange and that office will, on receipt of the telegraphic advice, issue a money-order on the Foreign country of payment under the foreign money-order rules. It should be understood that the money-order will be telegraphed to the Indian office of exchange only, and not to the Foreign country of payment.

Except that the remitter will not be entitled to have a private communication added to the telegram advising the remittance, the rates of commission, the limit of value, and the other conditions laid down in the rules relating to inland telegraphic money-orders.

The following conditions apply to money-orders payable in the United Kingdom or any other of the countries and places:—

(1) The maximum amount for which a single foreign sterling money-order can be telegraphed under these rules to the Indian office of exchange concerned is £40, and no such order may include a broken sum less than £1.

(2) A fee for the issue of a foreign sterling money-order telegraphed to the office of exchange will be charged at the rate of commission on a foreign sterling money-order for the same amount added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an "Express" or as an "Ordinary" message.

(3) The remitter must fill up the necessary entries in a sterling money-order form and write across the form the words, "By telegraph *express*" or "By telegraph *ordinary*," according as to whether he wishes the telegram advising the remittance to be sent as an *express* or as an *ordinary* message. He should then present the form at the window of the post office, together with the amounts of the order and commission.

(4) Foreign money-orders intended for payment in any country to which mails are sent from Bombay by the Peninsular and Oriental Steam Navigation Company's weekly mail steamers will not be accepted for the purpose of being telegraphed to Bombay, if presented at any post office on the day of departure of those mail steamers.

## POST OFFICE SAVINGS BANK RULES.

No account will be opened for less than four annas, and no person will be allowed to deposit a larger sum than seven hundred and fifty rupees in all between the 1st April to 31st March inclusive, nor make any fresh deposit when the amount at his credit, exclusive of current interest, is Rs 5,000, in the case of any adult and Rs 1,000, in the case of a minor.

The Pass-book will be kept in the vernacular of the district or in English, as the depositor may wish. No deposit can be made, and no money can be withdrawn from an account, without its reduction.

Interest will be allowed for each calendar month upon the minimum balance of the account between the close of the fourth day and the end of the month, at the rate of 3 per cent. per annum on all deposits at call.

## CURRENCY NOTES.

Notes of the following denominations, viz., Rs. 5, 10, 50, 100, 500, 1,000 and 10,000 are issued without any limit for current legal tender rupees and half-rupees of the Government of India or gold coins, whether coined at His Majesty's Royal Mint in England or at any Mint established in pursuance of His Majesty's order as a Branch of His Majesty's Royal Mint, at the rate of fifteen rupees for one sovereign from every office.

The holders of Currency notes cannot legally claim to obtain Cash at Government treasuries, but for the convenience of the public, the Government of India have arranged that adequate facilities should be available at all Government treasuries for the free Exchange of notes and coin. They have also issued instructions that in making payments at treasuries, the requirements of the payee, as regards the form of Currency in which he desires to obtain payment, should be met as far as possible.

An Universal Currency Note is a legal tender at any place in British India. Other Notes are legal tender in its own circle, except by Government at the office of Issue; that is to say, whenever a note forms the integral sum, or a portion, of any payment whatever, either to Government, to Companies or to individuals, it is a legal tender. A note may be tendered in payment of a debt less than the value of the note, but the payee is not legally bound to accept it and give change.

In order to minimise the chances of the loss of notes in transit through the post, the public should follow the instructions given in clauses 40 and 129 of the Post Office Guide.

It is optional to keep the numbers of the notes received or paid. Each currency note has serial letter No. and a general No. thus:  $\frac{V}{16}$  10106—Serial letter "V," serial No. "16," general No. "10106." No action can be taken with reference to any note until it has been thus fully described, or identified in all these details.

- (1) A half-note represents no value, nor has a person holding only one-half of a note any claim to recover value when the other half has been transferred, either by him or by the last legal holder of the entire note, to the legal possession of another person. When one-half of a note is lost, the other half should be sent to the Currency Office of the circle of issue to which the note belongs, and an application for refund of the value of the note made by *the person who last held simultaneously both halves of it*. Government are under no legal liability to refund value on half-notes, but payment may be made as a concession, if the Commissioner or Head Commissioner of Paper Currency thinks such a course warranted by the facts of the case.
  - (2) A mutilated or charred note represents no value. Payment can be made only as a concession, and the decision rests, in the first instance, with the Currency Officer, and then, in cases of doubt or appeal, with the Commissioner or Head Commissioner of Paper Currency. When any portion of a note has been erased, inked over, cut out, burnt through, or otherwise altered, so as to throw doubt on the identity of the note, or to make it appear as another note, payment on it may altogether be refused, and the note impounded.
- A mismatched note represents no value, but the Currency Department is willing to hold such notes on behalf of depositors, and to pay value on them on receipt of either one or both of the corresponding halves as mismatched notes. Further, if a mismatched note remains in deposit for three years and no payment has been made on it in the meantime, value on it is paid on the expiration of the above period.

# COURSE OF INSTRUCTION IN ELEMENTARY SANITARY ENGINEERING.

BY

GEORGE BRANSBY WILLIAMS,

Major, Royal Engineers (Territorials), Member of the Institution of Civil Engineers; Member of the Institution of Mechanical Engineers; Member of the Royal Sanitary Institute; Associate Member of the Institution of Electrical Engineers, Fellow of the Royal Geographical Society; Fellow of the Institution of Sanitary Engineers; Sanitary Engineer to the Government of Bengal.

**With 28 Folding Plates.**

## PREFACE.

This short treatise on elementary sanitary engineering has been written as a text-book for use in the class of candidates for posts as Sanitary Inspectors in Bengal. During the last two years a local service of municipal sanitary inspectors has been instituted by Government in this Presidency. The training of candidates for these appointments consists of a short course of hygiene under the Sanitary Commissioner and a few months' course in elementary sanitary engineering under the Sanitary Engineer. The difficulty of imparting any knowledge of sanitary engineering worth speaking of, in a course only lasting so short a time, to a class of men, many of whom have had little or no previous experience of engineering, and some of whom have had hardly any previous practical training of any kind, has been considerable. Such instruction as is given must cover a fairly wide range of subjects, and be of purely elementary character. In endeavouring to arrange for a satisfactory course of teaching of this kind the instructors have been greatly hindered by the absence of any text-book in the least suitable for use in the class. It is with the object of supplying this want that this book has been written. It has been necessary to take up a considerable portion of the book with the chapters on general subjects, such as drawing, surveying, and building construction. On the other hand, certain subjects such as ventilation and refuse destruction, which come into the category of sanitary engineering questions, have not been touched upon at all, because the engineering side of these questions has hitherto not been of much practical importance in India. Although this book has been written as a text-book for the instruction of sanitary inspectors in Bengal, I venture to hope that it may be found to contain information of some value to subordinates of all kinds in the Sanitary departments in India and the East generally.

## Important to Indian Army Reserve-officers.

Just Published. Fifth Edition, Revised and brought up-to-date.

*Handy pocket size, bound in Rexine. Rs. 3-8.*

# BARROW'S SEPOY OFFICER'S MANUAL.

Fifth Edition. Thoroughly Revised and brought up-to-date.

By CAPT. F. ETHERIDGE, 7th (D. C. O.) Rajputs.

A book of reference for Infantry Officers of the Indian Army that contains everything necessary for the Retention Examination in a handy form.

The information comprises:—

The Indian Military Law—Regimental Duties—Interior Economy—Regimental Books—Correspondence—Pay, Allowances, Pensions and Decorations—Musketry Reserves, Clothing and Messing—Equipment, Arms and Ammunition—Bazars, Followers, Suppliers, Baggage, etc.—Composition and Castes, etc.

“A vast amount of Technical and Historical data of which no Anglo-Indian Officer should be ignorant.”—*Broad Arrow*.

It will thus be seen that the SEPOY OFFICER'S MANUAL in addition to being a handy guide for examinations is an **invaluable handbook of reference** and “**aide memoire**” for all branches of the Indian Army.

*Size 6½ × 5 inches, 140 pages with Index. Rs. 3.*

## THE INDIAN ARMY QUARTER-MASTER'S MANUAL.

By CAPT. M. L. A. GOMPERTZ, 108th Infantry.

The arrangement of the book consists of a logical division of the quarter-master's duties, as shown in A. R. I., II, 536, all regulations, etc., referring to each particular branch being grouped in the same section. The idea is that the beginner will be able to find at once in one place, all the information necessary on any particular subject he wishes to look up, instead of having to hunt wildly from volume to volume of A. R. I., Army Tables, old circular files, etc., etc. After a while one gets to know exactly where things are laid down and can dispense with such a stepping stone.

*Price Rs. 2-4; Refills of Order Forms and Section paper for above. As. 14 each.*

## THACKER, SPINK & CO.'S OPERATION ORDER BOOK FOR OFFICERS IN THE FIELD.

A Khaki Covered Book, 9" × 5", containing 90 Order Forms and 10 sheets of Section paper. With expanding pocket; a case for Carbon paper; one H. B. and one Blue Pencil; complete with web strap and buckle.

**THACKER, SPINK & CO., P. O. Box 54, CALCUTTA.**

## BRITISH INDIAN MONEY, WEIGHTS AND MEASURES.

The Gold Coin is the *Mohur* = 16 Rupees, but Silver is the standard metal of India. The current coins of **SILVER** : 1-rupee piece, 8-anna piece, 4-anna piece, and 2-anna piece; **NICKEL SILVER** : 1-anna piece; and **COPPER** : 2-pice piece, 1-pice piece,  $\frac{1}{2}$ -pice piece, and 1-pie piece.

The weight of the Gold Mohur and that of the current Rupee is the same, *viz.*, 180 grains Troy. Sicca Rupees are referred to in the Money Market, but they are not issued; 100 Sicca Rupees are equal to 106-10-8 current rupees.

To convert Sicca Rupees into current, add  $\frac{1}{15}$ th; and current rupees into Sicca, deduct  $\frac{1}{15}$ th.

**Bazar Weight.**—16 chittacks are one seer, or 2 lb. 0 oz. 13 drs.; and 40 seers, 1 maund, or 82 lb. 2 ozs. 3 drs. 100 Bazar maunds = 110 Factory; and  $1\frac{1}{2}$  Factory maund = 1 cwt.

**Factory Weight.**—16 chittacks are 1 seer, or 1 lb. 13 ozs. 14 drs.; and 40 seers, 1 maund, or 74 lb. 10 ozs. 11 drs. The Indian maund = 82 $\frac{1}{2}$ lb. Avoirdupois Weight.

## BRITISH INDIAN WEIGHTS.

The *Unit* of the British Ponderary System is called the *Tola*. It weighs 180 grains English Troy Weight. From it upwards are derived the heavy weights, *viz.*, *Chittack*, *Seer* and *Maund*; and by its sub-division the small or jewellers' weights called *Mashas*, *Ruttees* and *Dhans*.

1 Dhán or grain		$\frac{3}{16}$ grain Troy	$\frac{1}{175}$ dr. Avoir.
4 Dháns	Ruttee	$\frac{1}{12}$	$\frac{1}{175}$
8 Ruttees	Masha	15	$\frac{1}{175}$
12 Mashas	Tola	7 dwt. 12 "	$6\frac{1}{175}$
5 Tolas	Chittack	1 oz. 17 $\frac{1}{2}$ dwt. Troy	2 $\frac{1}{5}$ oz.
16 Chittacks	Seer	2 $\frac{1}{2}$ lbs. Troy	2 $\frac{1}{5}$ lbs.
40 Seers	Mun	100 lbs. Troy	82 $\frac{2}{7}$

## TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS.

Multiply the weight in Seers by 72, and divide by 35; the result will be the weight in lbs. Avoirdupois; or multiply the weight in maunds by 36, and divide by 49; the result will be the weight in cwt. Avoirdupois.

## TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT.

Multiply the weight in lbs. Avoirdupois by 35, and divide by 72; or multiply the weight in cwt. by 49, and divide by 36; the result will be the weight; in the former, in Seers; in the latter, in Maunds.

A Ton is equal to 27-222 Maunds, or 27 $\frac{1}{2}$  Maunds nearly.

## BAZAR WEIGHT.

5 Siki* or Quarter Rupee	make 1 Kancha.
4 Kanchas*	" " 1 Chittack.
4 Chittaks, or 20 Tolas	" " 1 Powah.
4 Powahs	" " 1 Seer.
6 Seers	" " 1 Passeree.
8 Passerees, or 40 Seers	" " 1 Maund.

To reduce Bazar weight into Factory weight add 1-10th.

To reduce Bazar weight into cwt., add 1-10th, and deduct 1-3rd of that sum, the remainder will be cwt.

To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer.

\* These are Bengal weights, and not used in the United Provinces of Agra and Oudh.

## INDIAN CLOTH MEASURE.

3 Jobs make 1 Ungli, say =  $\frac{1}{2}$  Inch. | 8 Girahs make 1 Hath, say = 18 Inches  
 3 Unglis, 1 Girah =  $\frac{1}{2}$  Inches. | 2 Haths, 1 Guz = 1 Yard.

N.B.—The Guz varies in different localities from 24 to 36 Inches.

There appears to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, &c.

## LINEAL MEASURE.

Notwithstanding that the cubit or human forearm is the basis or unit in Oriental and Western countries, there is no fixed standard established in India.

In Bengal the measure mostly used is the following:—

1 Hath (Cubit) = 18 Inches; 4 Haths = 1 Danda or = 2 Yards; 2,000 Dandas = 1 Coss.

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles,  $3\frac{1}{4}$  yards English.

The Indian Imperial Coss is equal to  $2\frac{1}{2}$  miles nearly.

In the United Provinces of Agra and Oudh the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra the coss is about  $1\frac{1}{2}$  mile; towards the Hills the coss is a little more than a mile; in Bundelkhand it is three times as long as in other parts and is called a *Pucca coss*; while in the Doab it is the *Gow coss*, or as far as the lowing of a cow is heard at dead of night.

## BENGAL SQUARE OR LAND MEASURE.

sq. yds.  
 1 chittack = 45 sq. ft. or 5  
 16 chittacks = 1 cottah = 720 „ or 80  
 20 cottahs = 1 beegah = 14,400 „ or 1,600  
 $3\frac{1}{10}$  beegahs = 1 acre.

(United Provinces of Agra and Oudh.)

20 Uawansees = 1 Suwansee; 20 Suwansees = 1 Kuchwansee; 20 Kuchwansees = 1 Biswansee; 20 Biswansees = 1 Biswa; 20 Biswas = 1 Beegah.

There is, however, no fixed standard Beegah; almost every district has its own local measurement.

## ASSAM LAND MEASURE

12 feet = 1 loocer; 20 loocers = 1 cottah; 5 cottahs = 1 hillisah; 4 hillisahs = 1 poorah.

## BENGAL LIQUID MEASURE.

5 sicca Rs weight make 1 chittack; 4 chittacks make 1 powah; 4 powahs make 1 seer; 40 seers make 1 maund.

## HINDOO ASTRONOMICAL TABLE

15 matras or twinkles = 1 kashta; 30 kashtas = 1 kala; 30 kalas = 1 mahurta; 30 mahurtas = 1 day and night of mortals; 30 such days = 1 month of mortals; 12 M. or 360 D. = 1 year.

The Hindoo Astronomical Year is 5 days, 6 hours, and 48 minutes shorter than ours.

# GOVERNMENT, TRADE AND COMMERCIAL OFFICES, &c., IN LONDON DEALING WITH INDIAN MATTERS.

## REVENUE AND STATISTICS DEPARTMENT, INDIA OFFICE, WHITEHALL, S.W.

*Secretary*—F. C. Drake.

This Department deals with all questions concerning Indian Trade, Commerce, Statistics, Economic Products, &c., and its general work, more or less, corresponds with that of the Department of Industry and Commerce at Calcutta.

## STORES DEPARTMENT, INDIA OFFICE, WHITEHALL, LONDON, S.W.

*Director General*  
*Surveyor of Shipping*

Henry J. W. Fry, C.I.E.  
Captain F. G. Segrave

This Department is charged with the purchase and shipment of all stores demanded for the Government service in India. Indenting Officers, when in England, can obtain full information as to the best means of meeting their requirements by calling on the Director General of Stores.

## INDIA STORE DEPOT, BELVEDERE ROAD, LAMBETH, LONDON, S.E.

*Superintendent*  
*Deputy Superintendent*  
*Inspector of Scientific Supplies*  
*Examiner of Medical Stores*  
*Examiner of Surgical Instruments*

Captain G. T. Wingfield, R.N.  
W. E. Phelps, I.S.O.  
F. E. Bunce  
Lt. Col. J. L. van Geysel, M.B., I.M.  
Lt. Col. D. Elcum, M.D., M.R.C.S.

This is a Branch Establishment of the Stores Department and is charged with the inspection and packing for shipment of all stores (except those for State Railways) which are indented for by the several Governments and Departments in India. All State Railway Stores of a special character are inspected by Messrs. Rendel Palmer & Tritton, Consulting Engineers to the Secretary of State for India.

## PUBLIC WORKS DEPARTMENT, INDIA OFFICE, WHITEHALL, LONDON, S.W.

*Secretary*—H. A. Haines

This Department deals with the various administrative questions relating to Indian railways, telegraphs, irrigation works &c., that come before the Secretary of State for India. A considerable portion of its work arises out of the relations between the Secretary of State and the several Indian Railway Companies domiciled in England. The Government Director of Indian Railway Companies (Sir H. P. Durrant, C.I.E.) attends the Boards of most of these Companies in the interests of the Secretary of State.

## REGISTRY AND RECORD DEPARTMENT, INDIA OFFICE, WHITEHALL, LONDON, S.W.

*Registrar and Superintendent of Records*—W. Foster, C.I.E.

The duties of this Department are multifarious. It receives and distributes the bulk of the official correspondence (including that from India) copies and despatches the answers prepared in the various departments, and “finally” takes charge of the papers. It superintends the receipt and despatch of the Indian mails, the distribution and sale of official books and maps, and the production, &c., of parliamentary papers relating to India. Another of its duties is to provide the office with books and stationery and to look after all matters of printing and binding. Finally, it is charged with the custody of the official records, which comprise many thousands of volumes and extend back to the foundation of the East India Company in 1600.

## LIBRARY OF THE INDIA OFFICE, WHITEHALL, LONDON, S.W.

*Librarian*—F. W. Thomas, M.A., 11th

The Library (founded in 1801) serves the two-fold purpose of departmental and general reference. The former is sufficient to require a fairly exhaustive provision of works—descriptive, historical, political, scientific, &c.—originated by European contact with India, and the most nearly adjacent countries. But a place is found also for large, in some cases unrivalled, collections of Oriental MSS. (Sanskrit, Arabic, Persian, Hindustani, &c.), and for the apparatus of Philological literature relating to the study of them. The Glass Houses, covering 3½ acres, contain an extensive series of living specimens of Indian plants. In the open air and under glass some 20,000 distinct species and varieties of plants are cultivated.

Museums I and II contain, in addition to the Economic-Botanical collections removed from the India Museum at South Kensington, as complete a series as can be obtained of the vegetable products of India and articles manufactured from them.

Museum III contains the collection of Indian Timbers formed by the Indian Forest Department in 1878.

The Herbarium contains the largest and most authoritative collection of specimens of Indian plants in existence. In 1858 the Honourable East India Company transferred to Kew "the enormous collection of plants made, under the order of the Indian Government, by officers of their service, and which had been accumulating for thirty years in the cellars of the India House."

On these and other collections Sir Joseph Hooker's "Flora of British India" (8 vols., 1872-97) was based.

The object of the East India Association is to promote, by all legitimate means, the public interests and welfare of the inhabitants of India generally. To attain this object the Council earnestly invite the co-operation of all those who, by their position, influence, knowledge of India or administrative experience, are able to render effective assistance, and without whose active and liberal support the work of the Association cannot be adequately accomplished.

The Association would specially appeal to the Ruling Princes of India, and to all classes of influential and educated Indians, with whose aspirations, so far as these are consonant with moderation and loyalty, it has the warmest sympathy.

The co-operation of the commercial and non-official community in India—British and Indian—and of the active and retired Members of the Government Services, Civil and Military, who have consistently laboured to advance the best interests of the people, and have helped to consolidate, maintain, and defend the Indian Empire, will be highly valued.

The East India Association is essentially non-official in character, avoiding any connection with English party politics, and welcoming as members all those who are interested in the welfare and progress of India, whatever their political opinions. Its policy with reference to Indian questions is progressive, maintaining at the same time a due regard for the conservative traditions of the Indian Empire. It desires to encourage all wise and well considered projects of social and administrative reform, but at the same time to protect the people of India from rash and hasty experiments opposed to the customs of the country. It endeavours to regard all questions of administrative and social progress from the point of view of the interests of the inhabitants of India, whose wishes, sentiments, and prejudices should be respected, and whose legitimate aspirations to share in the government of the country should be recognized and sympathetically met.

The objects and policy of the Association can be promoted—(1) by providing opportunities for the free public discussion, in a loyal and temperate spirit, of important questions affecting India; (2) by providing a centre for the friendly meeting of Indians with Englishmen interested in India; (3) by lectures and the publication of papers or leaflets diffusing accurate information and correcting erroneous or misleading statements about India and its administration; (4) by maintaining a reference library; and (5) by the promulgation of sound and trustworthy information regarding the many weighty problems which confront our Administrators in India, so that the public may be able to obtain in a cheap and popular form a correct knowledge of the affairs of our great Dependency.
